Subscription offer online or  
see the back for details.**

*Presbyterians Today* presents easy-to-understand articles about what presbyterians believe. Departments such as "Spiritual Fitness," "The Church in Society" and "Bible Explorations" give readers a Christian perspective on contemporary issues and guidance for daily living.

Readers will find balanced reporting and information about the Presbyterian Church and its mission. A department launched in 2002, "Go Figure," provides Presbyterians with current research, numbers, viewpoints, and trends. Our "NewsWatch" and "SpotLight" departments offer readers information and important issues facing the church today and coverage of local, national and international mission.
